SHIP OFFSHORE PERFORMANCE

A large cruise ship is shown from an elevated perspective, sailing on a body of water. The ship is white with a black funnel and yellow accents. The background shows a hazy horizon with other ships in the distance. A red horizontal line with circular endpoints spans across the top of the image, just below the title. On the left side, there are five red rounded rectangular boxes, each containing a category name. To the right of each box is a white rounded rectangular box containing the corresponding information. Red lines connect the category boxes to their respective information boxes.

OUR ACHIEVEMENTS

Shanghai Subo Automation Technology Co., Ltd. has a proven track record of delivering exceptional project solutions. Notable collaborations include:

- “Gasification Guangyuan” Clean Energy Project
- Guang’an LNG Project
- Partnerships with leading enterprises such as Sasol (China) Chemical Co., Ltd., Morimatsu Heavy Industries, and China Shipbuilding Industry Corporation

With a commitment to quality and innovation, Shanghai Subo Automation Technology Co., Ltd. continues to empower businesses worldwide by providing sustainable, efficient, and tailored solutions.

OUR PRODUCTS ARE TRUSTED BY INDUSTRY LEADERS, INCLUDING:

- **CHINA NATIONAL PETROLEUM CORPORATION (CNPC)**
- **MEDITERRANEAN SHIPPING COMPANY (MSC)**
- **SBM OFFSHORE**

SHANGHAI SUBO AUTOMATION TECHNOLOGY CO., LTD

THANK YOU

We would be delighted to discuss how our solutions can enhance your operations and safety standards.
